AESTHETIC
INSTITUTE

Give \$50, Get \$100*

How Does Your Referral Program Work?

You loved your results and want to spread the word? Awesome. For each new friend that comes in for treatment, you'll receive \$100 credit or a facial which can be banked in your account until you're ready to use it. Each friend will always get either 10% off or \$50 credit, whichever is greater and it can be used immediately! What's even better? There are bonus thank yous along the way!

How Many Friends Can I Refer?

The sky's the limit. You can refer to as many friends as you like. They do need to reference your name when they come in so we can make sure who to thank (and award credit to)! Each new friend can only name one referral source.

What Do I Get When I Make A Referral?

As a thank you, you'll receive a \$100 credit or a facial which can be banked into your account until you're ready to redeem. Want to save up for a service? No problem.

What Can I Use My Credits On?

The credits can be applied to all of our services and there's no minimum to spend. But unfortunately, credits cannot be used on injectables (fillers and neurotoxins i.e. Botox), product purchases (i.e. skin care products), or combined with any promotional discounts.

Can Someone Else Use My Rewards?

You did the legwork and we want to reward you for putting in the effort to spread the word about our services! You should be the one to enjoy the perks so unfortunately, these are non-transferable.

How Will I Know If My Friend Came In?

Once they complete their first purchase, we'll reach out to share the good news - make sure we have your most updated contact information.

Will I Get To Find Out What Treatments My Friend Received?

Some things are better left private. We do not divulge any patient information, so our lips are sealed unless they share with you.

How Do I Sign Up?

No separate sign-up up required! Your friend simply tells us your name and we add it to your account once they finish their first treatment.

*Credits can only be used on services, and cannot be applied to injectables (fillers and neurotoxins i.e. Botox), product purchases (i.e. skin care products), or combined with any promotional discounts. Our referral program cannot be used by individuals or businesses for lead generation posted on discount sites. We reserve the right to adjust/remove credits anytime if any abuse is suspected. Referee discount is only valid for new clients on their first visit. Terms and conditions subject to change.
